EVERYTHING IN **Bathrooms**

We at Roca have spent over one hundred years assisting families and writing the story of their homes with them. A story that has become our own, being a part of the drive that allows us to look ahead with optimism offering customised proposals for each individual.

Today, all of us at Roca take the best of our past to write our present and face our future. With this spirit we present the new bathroom collections Carmen and Beyond, while at the same time we confirm the solid commitment of our brand to lead the revolution of personal hygiene thanks to the In-Wash® Roca, the WC that cleans you with water.

Solutions for the shower space and bathroom furniture and faucet proposals, as diverse as the needs of each individual or each family, complete this new issue of our magazine. A new issue that strengthens our commitment to the improvement of the life of all bathrooms, moving forward by your side, as always.

In-Wash®

Smart cities, home automation, telephones with facial recognition. The moment has come for technology to be applied in the bathroom, bringing you new levels of hygiene and comfort. You still haven't heard of In-Wash®?

Life with In-Wash®

Roca's new WC finds its place in homes offering a revolutionary hygiene and comfort experience.

1. Guest bathroom. Wall-hung In-Wash®. 2. En suite bathroom. Close-coupled In-Wash®.
3. Main bathroom. Close-coupled In-Wash®. 4. Office bathroom. Wall-hung In-Wash®.

The images that appear in this article show real bathrooms featuring an In-Wash®, but the identity of the implied individuals is protected under the Organic Law of Personal Data Protection, and therefore these are fictitious portraits. Any resemblance to real people is merely a coincidence.

*"It is so easy that you learn how to use it
in no time"*

The interface of the remote control of In-Wash® is so simple that just by trying it once you perfectly understand how it works. Moreover, the WC also features a side panel that allows you to easily control the basic functions, without having to use the remote control.

“We had not heard of this type of WCs, but now we have tried it we feel 100% safe... and clean”

In-Wash® features a presence sensor that blocks the washing and drying functions when the seat is empty. Moreover, its retractable nozzle cleans itself before and after each use and the water that reaches it is filtered before being used.

“Thanks to its design, it was very easy to make room for it in our bathroom”

Its soft curves, its minimalistic design and simple geometry turn it into a product that easily adapts to any interior design. Furthermore, the water and power supply may be installed behind the WC so as to eliminate any cables or wires around it.

Designed with the best materials

The interplay of volumes defines one of Roca's most exclusive vitreous china and furniture collections. Proof of its quality are the latest materials used in its WCs, basins, bath, seat and cover.

▶ RIMLESS

WCs

Optimized design for maximum hygiene

Easier to clean: Smooth and joint-free inner walls

More hygienic: Uniform water distribution across the entire bowl

Splash-free: Designed to prevent water from exceeding the rim of the bowl

More eco-friendly: Dual flush system 4.5/3 litres

▶ FINECERAMIC®

Basins

New high quality ceramic material, exclusive from Roca

More precise: Fine and defined walls

Lighter: 40% lighter than conventional basins

More resistant: 30% harder and more consistent

Easier to clean and resistant to abrasive products: 100% ceramic

▶ SUPRALIT®

Seats and covers

New exclusive resin, registered by Roca

More durable: 12% more resistant to chemical products and to yellowing

More hygienic: Antibacterial material, 4 times less porous

Easier to clean: Surface with soft and rounded angles

Safer and more silent: Hinges with soft-close system

▶ SURFEX®

Basins and bath

New extremely malleable material, exclusive from Roca

More sophisticated: Delicate, soft and matt texture, very pleasant to touch

More uniform: Its extraordinary plasticity allows fully uniform and joint-free designs

More sustainable: Made of organic materials and 100% recyclable

More insulating: Its particular composition keeps the water temperature for longer.

A woman with dark hair in a bun, wearing a yellow sleeveless dress with a white collar and brown flat shoes, stands in a bathroom. She is holding a framed picture of a landscape. The bathroom has white subway tiles, a window with a view of a building, and a shower fixture. The text 'Live it again' is overlaid in a white script font.

Live it again

Carmen

Return to a time when elegance was a way of life, when dancing alone was not an option, when design defined eternal lines. Roca recovers the soul of a classic in a vintage collection with the latest technology in the design of bathroom spaces.

The tribute to a classic

A homage to one of the most iconic basins by Roca in the forties, which returns with a marked vintage character to become a collection with the latest innovations in the design of bathroom spaces.

Vitreous china rim around the entire perimeter of the basin.

Side handle to operate the flush (4.5/3 litres) to be installed either on the left or right side of the cistern.

Seat and cover manufactured in Supralit®, more durable, hygienic and easy to clean.

A practical, aesthetic and comfortable shower

Shower space

How much time do you devote to showering? Do you usually sing in the shower for hours or do you prefer to take a quick shower? Regardless of how you are, at Roca you will find different faucet and shower enclosure solutions so that you can choose the one that best adapts to your needs.

We present different options...

MONODIN-N faucet p. 72
STELLA shower set p. 77

NAIA faucet p. 68
PLENUM shower kit p. 77

1 THE SIMPLEST OPTION... AND THE MOST AFFORDABLE ONE

Install a shower set, consisting of a wall support and a hand-shower. If you install the support in a high position, it will serve as a shower-head and will allow you to have your hands free while you shower. Simple yet practical. Just what you need to enjoy a proper shower.

See more shower sets on pp. 77

2 A MORE COMPREHENSIVE ALTERNATIVE

Choose a shower kit, which includes a shower bar with an adjustable support and a hand-shower. The height of the shower can therefore be adjusted accordingly. Moreover, some models include a soap holder in order to have everything you need within reach.

See more shower kits on pp. 77

...to design your ideal shower solution

RAINDREAM shower head p. 78

EVEN-T shower column p. 80

3 MAXIMUM COMFORT

Choose a shower head that provides comfortable rain drops to ease the stress away. The extraslim metallic shower head with adjustable height is the new talk of the town. Pair with a hand-held shower kit to complete your shower needs. Comfort in its purest form.

See more shower heads on p. 78

4 THE ALL-IN-ONE

Choose a shower column that includes everything in one single piece: wall-mounted mixer (thermostatic, twin-lever or single-lever), slide bar with height adjustable holder and integrated shower-head. The most comprehensive solution to enjoy the perfect shower.

Faucets

The day will come when you will have to change the faucets at home or install new ones when you move into a new home. As faucets define the style of a bathroom, at Roca we have a catalogue of models and features that will surely suit your needs.

Personalities you fall in love with

Rivals in terms of shape, partners at heart.
Opposed and exclusive designs, full of character, for bathrooms with a unique style.

▶ DECORUM

With bold classical outlines and outstanding elegance, its personality provides comfortable handling with its unique thick stylish handles.

LOFT ◀

Timeless, singular and unalterable style proposal with a refined finish, the originality of its contours fill every space with elegance, precision and distinction.

The beauty of practicality

Functionality and aesthetics. Theoretically, two opposites. In practice, two partners that join to create attractive designs that bring a fresh look to the bathroom.

▶ NAIA

Character and sophistication join in a proposal with a minimalistic design, based on the perfect combination of cylindrical and rectangular geometrical shapes.

MONODIN-N

Soft curves and rounded shapes intermingle in a design that commits to simplicity without disregarding beauty.

▼ ATLAS

Like a reverse reflection, the spout and handle double their outlines with rounded edges, creating a design with proportionate volumes and a compact spirit.

A woman in a pink shirt and a young boy in a blue striped shirt are kneeling on a wooden floor in a bathroom. They are organizing toys inside a white vanity drawer. The woman is holding a grey elephant toy, and the boy is holding a yellow duck. A panda plush toy is also visible in the drawer. The vanity has two white sinks with chrome faucets. A mirror above the vanity shows the woman's hands holding the elephant toy. The scene is brightly lit, suggesting a clean and organized home environment.

Define your lifestyle

Furniture

As every home has a different view of the world, at Roca there is a furniture collection that suits the character and needs of every home. Different styles, storage capacity, connectivity or intelligent design are some of the proposals to make your life easier.

The latest trends

Present designs, past details and tomorrow's technologies define the latest ideas in bathroom furniture.

▶ CARMEN

Classic lines and details that long for another era in a furniture unit adapted to today's bathrooms.

BEYOND

Avant-garde design and innovative materials define a cosmopolitan furniture unit for those who take a step further.

STRATUM

Bluetooth® speakers, built-in socket and interior light for the most technological experience ever.

Basins, the real stars of the bathroom

The furniture units with basins on the countertop provide an additional touch of design to the ensemble.

BEYOND ◀

Innovative basins in Fineceramic® with integrated deck for faucets.

INSPIRA

Basins in Fineceramic® in three available shapes – Round, Soft and Square-.

Exposed contents

For those who do not have anything to hide and prefer to have everything within reach.

▶ PRISMA STRUCTURE

A contemporary design and asymmetrical basins to make the most of the countertop space.

CARMEN STRUCTURE

The classic shapes of vitreous china and metal create an ensemble that is both resistant and delicate.

▼ NATURA

Oak wood transmits a natural and warm feeling in the bathroom.

W+W

Roca's exclusive solution that combines basin and WC in one single element. Apart from saving space, this model meets maximum sustainability criteria as it filters the water from the basin to reuse it in the WC.

Available in white. Dimensions in cm.

In-Tank

The first WC that does not require the installation of a cistern as the water tank is integrated in the bowl. An air injection system pushes the water from the tank towards the upper part of the bowl, thus providing a highly effective and silent flush.
